

1 Obtain IBM Cloud Feature Code and Activate Trial Account

To facilitate hands-on skills development and enable you to complete certain labs in this course, you are provided with a **special feature code** for IBM Cloud. This feature code allows you to create an IBM Cloud account **without a credit card**.

2 How to Obtain and Use Your Feature Code

1. Check the provided box and click the “**Launch App**” button to receive your unique IBM Cloud Feature Code.
2. Use this code to activate your IBM Cloud trial account.
3. Follow the **step-by-step instructions** provided to create your IBM Cloud account.

Note: If you have already applied your IBM Cloud feature code in another course or lab to create an IBM Cloud account, please **skip this step**, as the feature code can only be used once.

3 Important Caution

While signing up for an IBM Cloud account, or at a later stage, you may be prompted to enter a credit card. Please read the following points carefully:

- Access to **paid services or a credit card** is **not required** to complete any mandatory labs, projects, or assignments in this course.
- The feature code grants you **trial access** to IBM Cloud for a limited duration.
- We strongly recommend that you **do not enter a credit card** to complete the required course components.

4 If You Choose to Use a Credit Card

If you still decide to enter your credit card to access IBM Cloud services:

- You will be responsible for any **charges billed** to your card.
- The course team **does not take responsibility** for such charges.

5 Troubleshooting and Support

If you encounter any issues while activating your account using the feature code, or if your trial period has expired before completing the course:

- Do **not** add a credit card to your account.
- Instead, contact the **course support team** through the course discussion forums for assistance.

6 Summary

- Obtain your IBM Cloud Feature Code via the Launch App button.
- Do not use a credit card; the code provides sufficient access for course completion.
- Seek help from the course support team if your feature code does not work or your trial expires.
